### Summary:

There are two entries in our deen.jar file;

1- German-English Dict: This dictionary has more than 6000 entries. Enter the word that you want to find to the German textbox. Then select search from menu. For example if you want to find the word "Schule", enter this word to the German textbox. Then select "Search" from menu. The program will search the database and it will give you its meaning in English. And you can search the database by entering only a few characters. For example if you want to find the word "Schule", you enter "sch" characters and search.

Note: If you have not ã, ã, ã, ã¼ characters in your device you can use numbers instead of them.

For example you can enter 1 for ã. The codes are;

1 ---> ã

2 ---> ã

3 ---> ã,,

4 ---> ã¼

2- Football Word Test Game: This simple game has 6000 questions in the database. The game selects questions from random files. And the program selects options changing their points randomly. When you open this game you will see a football area and a red ball in the middle. In the area you will see the question, and you can find two options, one below and one above. If the correct answer is below move the ball downwards, or if the correct answer is above move the ball upwards. If you select a correct word you will earn a point. If you can not give a correct answer your device will earn a point.

There are 6 levels in this simple game.

In 1. level you must answer within 7 seconds,

In 2. level you must answer within 6 seconds,

In 3. level you must answer within 5 seconds,

In 4. level you must answer within 4 seconds.

In 5. level you must answer within 3 seconds.

In 6. level you must answer within 2 seconds.

If you can not answer within these seconds your device will earn a point.

System Requirements:

At least 96 K Free Memory (Recommended minimum is 128 K free memory)

Note that if you download demo version you only can access the words start with "b". If you want to use full version you must buy it.
